Ref: Bridford Bridge Closure

Dear Resident,

I am writing to inform you that the Road from Leigh Cross to Weir View, Bridford (EX6 7JZ) will be closed on the morning of 25th March 2025 (approx. timings 9am – 1pm).

We require a road closure to carry out investigations on and vegetation removal to Bridford Bridge using an underbridge machine which has to be anchored to a vehicle on the carriageway.

Please find enclosed a plan showing the extent of the closure, along with the designated diversion route. For more information please visit the website one.network.

The majority of the highway will be obstructed by the underbridge machine and accompanying vehicle so no other motor vehicular access will be possible, but pedestrians and pedal cyclists will be able to pass. The double junction north of the bridge (Leigh Cross) will be kept open for vehicular access to any properties. We will notify all emergency services etc regarding this closure and change of access.

If you have any questions regarding the closure, please feel free to contact me during office hours.

Yours sincerely,

Naomi Alway
Assistant Engineer (Bridges & Structures), Engineering Design Group
